

## Installing the library Proxy on your ANDROID devices

With ANDROID version 7.1.2 Nougat

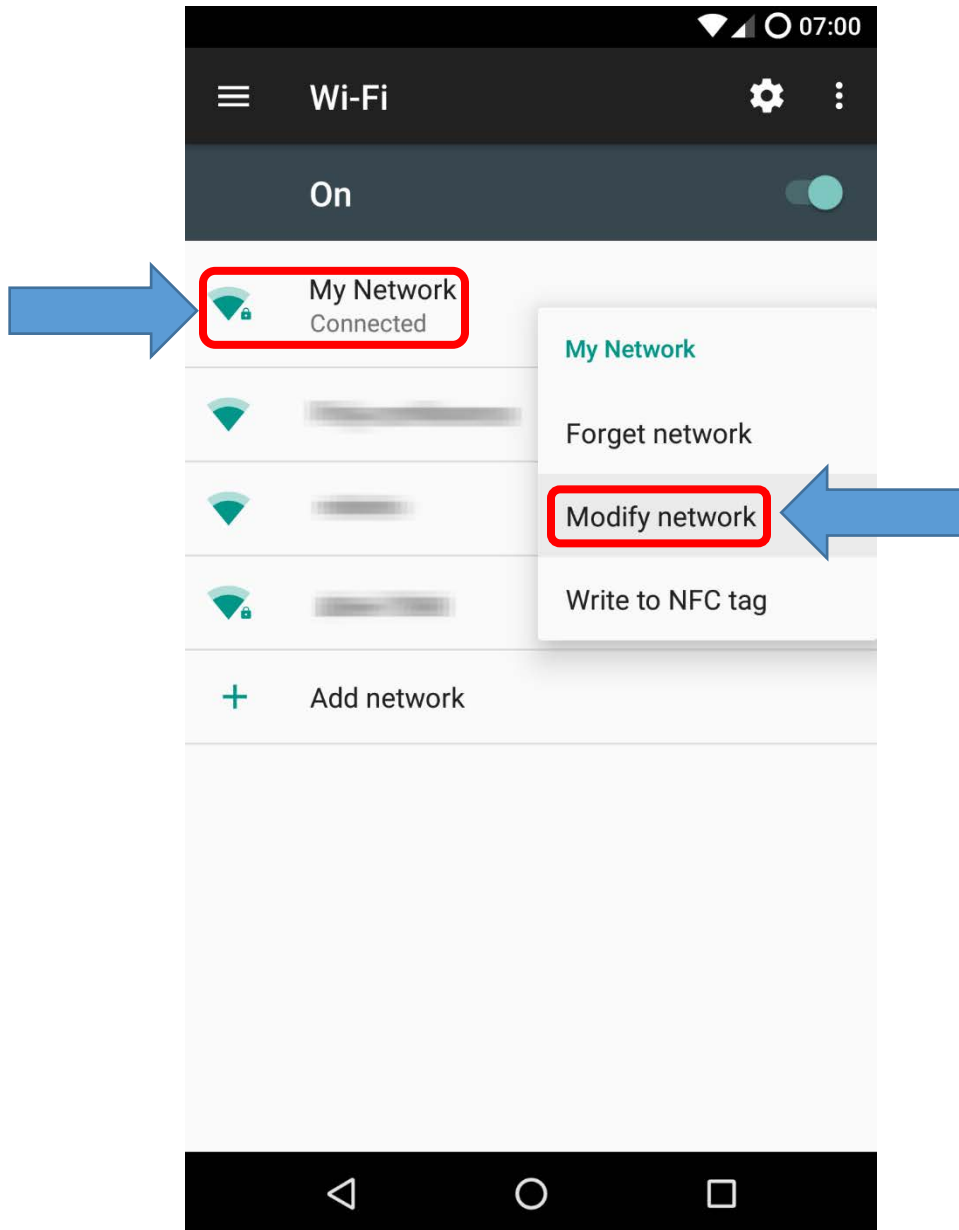

1. In the APP menu, select “Settings”.

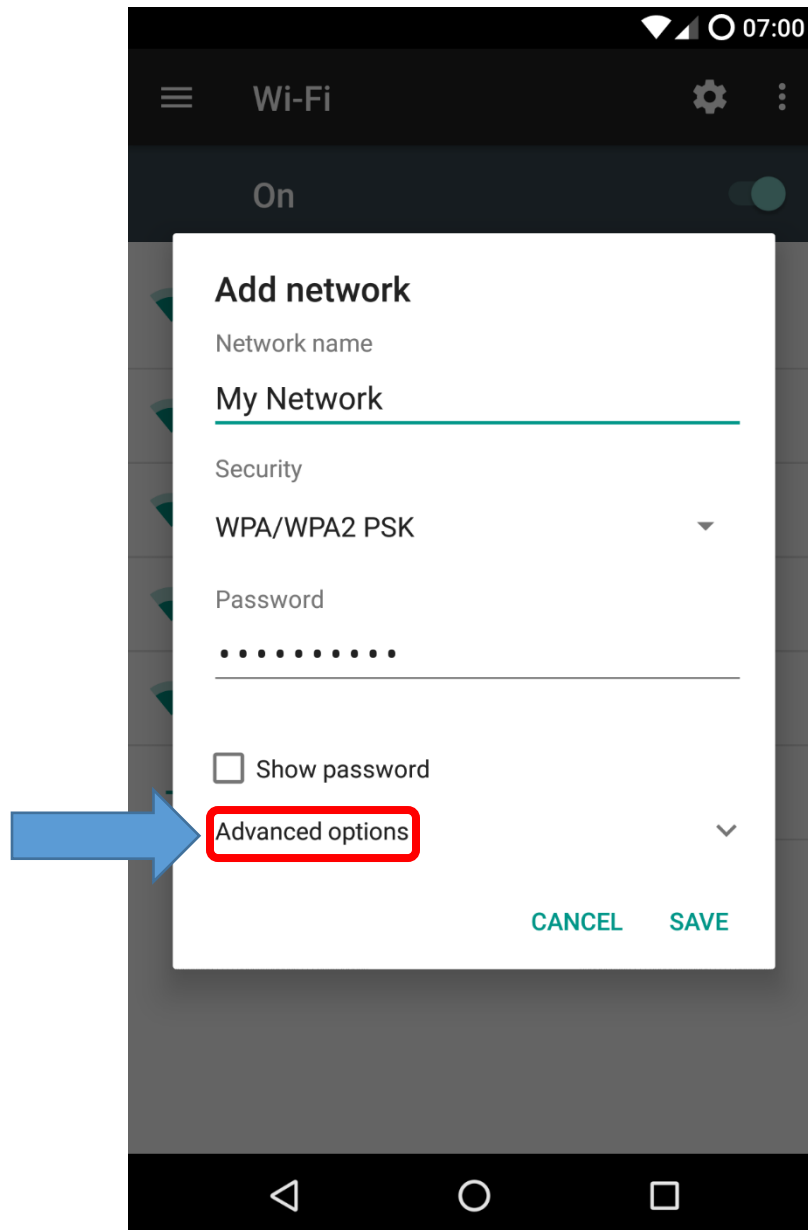

2. Tap on “Settings” to access the configuration menu.

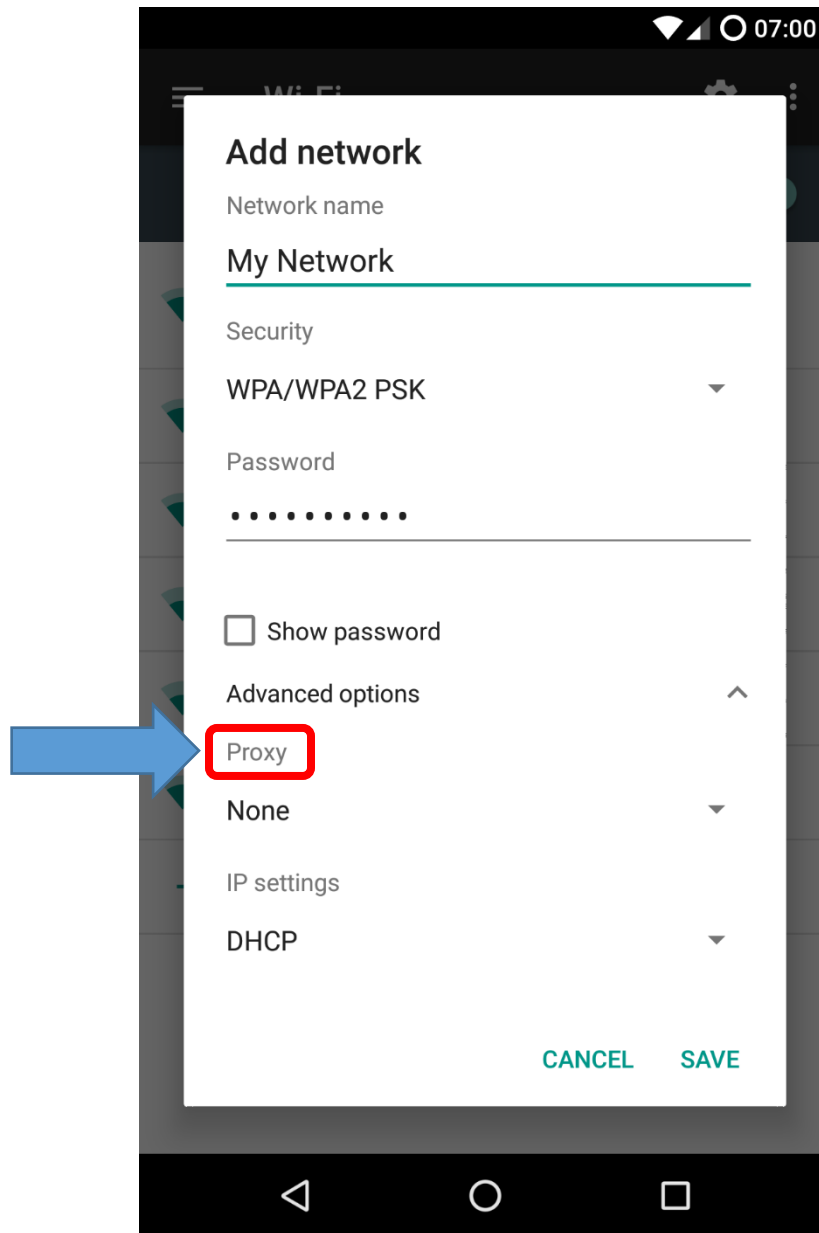

3. Tap a few seconds on the network you want to modify to open the menu, then choose "Modify network".

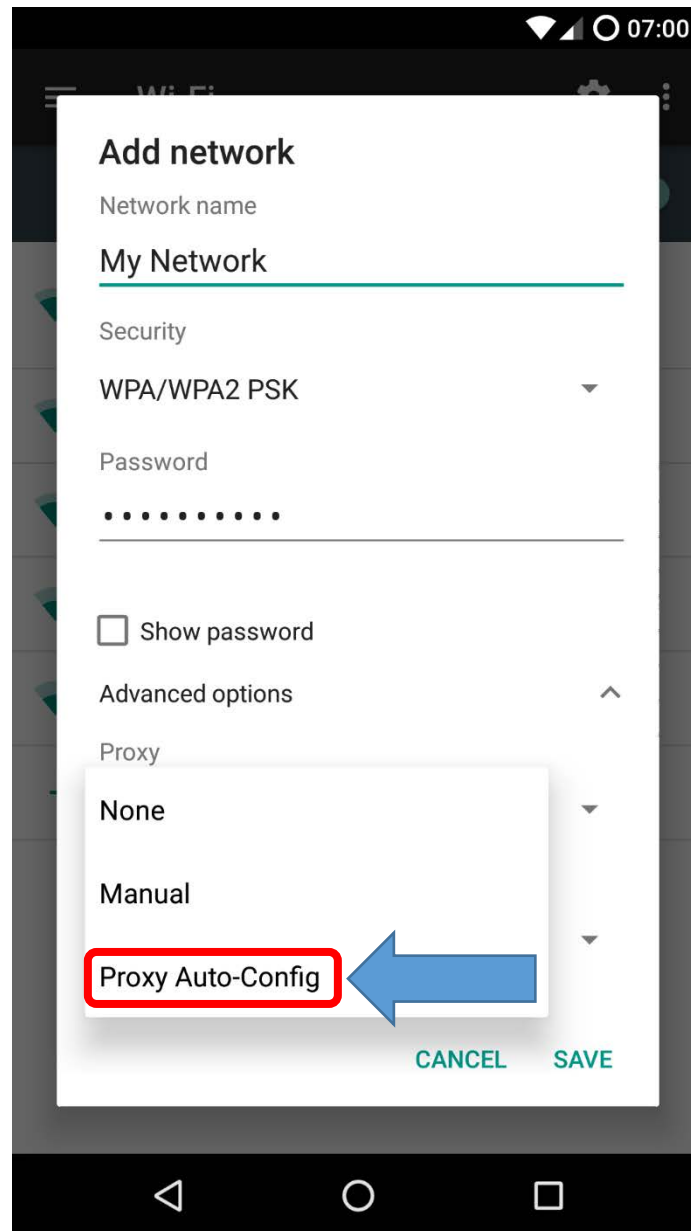

4. Tap on “Advanced option”.

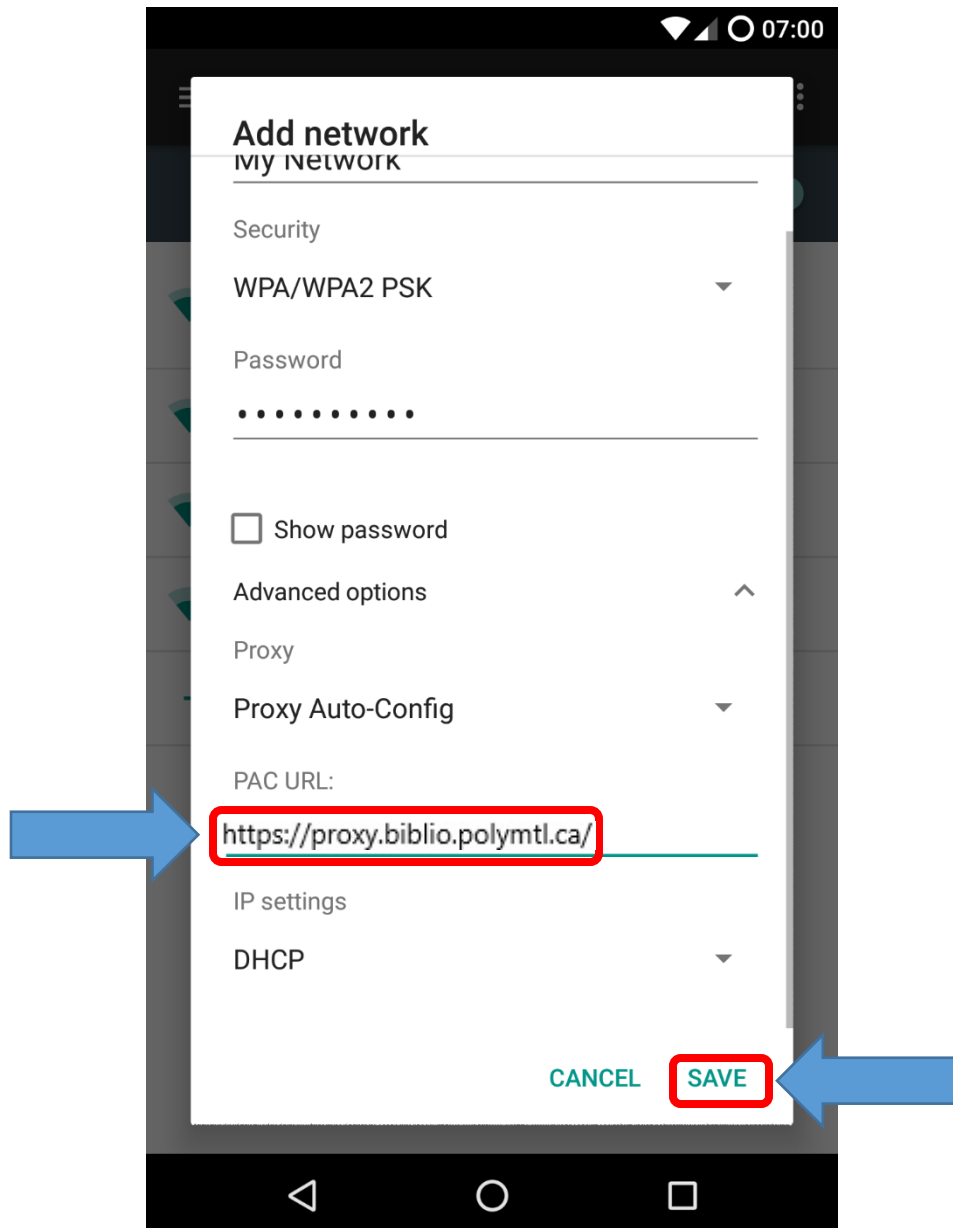

5. Tap on "Proxy".

6. Tap on “Proxy Auto-Config”.

7. In the field “PAC URL”, enter “ <https://proxy.biblio.polymtl.ca> ”

8. Tap on “SAVE”.
